Committee Reports – August 2017

Common Grounds – S. Wilkerson on behalf of interim Common Grounds chair

Graffiti cleaned-up on canopy located at the dam for the 2nd time. It has recently been vandalized for a 3rd time. One of the ceiling panels were vandalized and knocked out.

Another county red triangle sign is missing. The gate has been rammed or pushed in and the entrance gate on west side – the cement is beginning to become loose from the ground. Informed Cathy Scaglione with Dam Corp. of the above via email.

There is a need to have a plan or try something different to deter this criminal activity.

Tropical Landscapes inspected the new plantings. In need of fertilizer and pest control.

Last month, the west side flag pole light was reported as being broken. Followed up on the flag pole light numerous times throughout the month and it appears to be working.

Social Committee – S. Wilkerson

Posted a poll on the community Facebook site to obtain feedback about the day for Trick or Treat street to be held this year. Since it was held out of tradition last year, the Saturday before Halloween. Majority of feedback is the Saturday prior.

Newsletter – S. Wilkerson / K. McClary

August/September newsletter is completed and will be distributed
